

Guardian Customer Validation Form

africancouncilofoptometry.org

Please complete this short review so we can confirm whether Guardian's website-health results are accurate, understandable, and useful. This is a read-only review: Guardian will not change your website.

Owner and review details

Business name African Council of Optometry

Reviewer name and role Dr Ozy Okonokhua, President-elect

Review date 16th September, 2026

Permission to review confirmed Yes

What Guardian reported

The following is a technical observation from a bounded check. It is not a confirmed business problem until you review it.

Observation: Slow response observed in latest audit; security-header gaps.

Your review

- Is this observation accurate for your website? Not sure
- Was the explanation easy to understand? Not really
- Does it affect your business or customers? Not sure
- Did you take any action after seeing it? No
- If action was taken, what did you change? Nothing
- Was the issue prevented or resolved? Unknown
- What evidence supports your answer? Nothing
- How useful was this result? 2
- Would you continue using Guardian? Unsure
- What was the most valuable result? I can't really say
- What is the most important missing capability? I just need my site accessible at all times
- May Guardian quote your feedback publicly without identifying private details? Yes

Return

Please return this completed form to the Guardian project owner. Your responses will be recorded separately from Guardian's technical results and will only be used for product validation unless you grant permission to quote them.
