

Guardian Customer Validation Form

hmcng.com

Please complete this short review so we can confirm whether Guardian's website-health results are accurate, understandable, and useful. This is a read-only review: Guardian will not change your website.

Owner and review details

Business name Habib Medical Clinic & Hospital

Reviewer name and role Raymond Ugwu

Review date 15th September, 2026

Permission to review confirmed yes or no Yes

What Guardian reported

The following is a technical observation from a bounded check. It is not a confirmed business problem until you review it.

Observation: No non-empty H1; HSTS/CSP/nosniff/frame-protection gaps.

Your review

- Is this observation accurate for your website? Yes
- Was the explanation easy to understand? Yes
- Does it affect your business or customers? No
- Did you take any action after seeing it? No
- If action was taken, what did you change? I would like that the real thing is done so as i don't get a web attack
- Was the issue prevented or resolved? Unknown
- What evidence supports your answer? I would like to know how these issues are resolved so i can effect the change or if you could do it just ask for permission so long as it doesn't disrupt my business
- How useful was this result? 5
- Would you continue using Guardian? Yes
- What was the most valuable result? I need my business to be up and running optimally
- What is the most important missing capability? I can't tell what that is
- May Guardian quote your feedback publicly without identifying private details? Yes

Return

Please return this completed form to the Guardian project owner. Your responses will be recorded separately from Guardian's technical results and will only be used for product validation unless you grant permission to quote them.
